NEW QUESTION 1

Navigate to the home page for the site.

NEW QUESTION 2

Navigate to the search page and perform an advanced search

NEW QUESTION 3

CORRECT TEXT

Welcome to the Alpine SKI House Team Site. Here you will find the resources that will help all of us run a successful operation. When communicating with potential visitors, remember to let them know about everything we have to offer, including:

- We have five mountains with 140 trails for skiers and snow-boarders of all abilities.
- Our mountains feature an extensive lift network with two high-speed gondolas that service everything from wide groomed trails to classic tree runs to parks, pipes, bumps and steps.
- Visitors can stay at one of the many lodging facilities in the area. There are accommodations for all price ranges.
- Encourage visitors to enjoy a spa treatment, visit the shops, then indulge in a meal at a variety of excellent restaurants.

Business Intelligence Center

The Business Intelligence Center enables you to collaborate, discover and manage the information you need to drive the business forward. With Business Intelligence, users are empowered with the right business insights enabling them to make informed decisions, and move the business forward, one activity at a time.

Monitor Key Performance

Use scorecards and status lists to track your progress towards goals more effectively. At a glance, your organization can see how it is performing and identify areas that require attention.

Build and Share Reports

Publish your Excel workbooks to SharePoint using Excel Services and let your team access and interact with their data in full fidelity. Use PerformancePoint Services analytic views to gain quick insights from your dashboards.

Conned the Contacts to Outlook 2010 Answer:
Find the Steps below.

Step 1: Click Site Pages

Step 2: Click View All Site Content Page

Step 3: Open the List ribbon from the List Tools group. Then in the Connect & Export group, located the command Connect to Outlook. Note: SharePoint transfers all items from the SharePoint list to the new folder in Outlook.
